Solution to **HERE, HERE!**:

Solve each crossword clue such that a homophone of the solution fits in the provided blanks.

Tonic partner	GIN	D J INN
Stink	REEK	WRE A K
Total	SUM	SO M E
Stone fruit	PLUM	PLUM B
Labyrinth	MAZE	M A IZE
Kind	NICE	G N EISS
Visitor	GUEST	GUESSE D

Taking the letters in the boxes gives the clue “JAM BAND”. The space provided for the final answer has four blanks. A famous jam band whose name has a four-letter homophone is *Phish*, and so the final answer is that homophone **FISH**.

Congratulations to Jeff Chang, Eric T., Keita, and Rapunzel, who were the first three to submit the correct answer to last week’s puzzle on our website (<http://puzzle.berkeley.edu>).

The Campus League of Puzzlers is a group of students and alums who enjoy writing and solving puzzles. Our main event is the annual Berkeley Mystery Hunt, a 12 hour puzzle solving competition for teams of up to 10 people. This year’s hunt will be Sunday, May 4 and registration is now open! If you and your friends like puzzles, start getting together your team. No previous puzzling experience necessary. To learn more, or to register, visit our website.

The goal of this column, which runs in the Daily Cal and on our Facebook page each Thursday, is to introduce you to a wide variety of puzzles. In the month of April, each puzzle will give you some information and the first step will be to figure out what to do with it. The answer to each puzzle will be a single English word, and at the end of the series there will be a metapuzzle using these answers.
