

Solution to **YOU TOO, SHERLOCK?:**

Each of the strings of characters identify a YouTube video of slow motion dancing (or other movement). The word Sherlock in the title clues Sherlock Holmes, and the videos of dancers are a reference to the Dancing Men cipher. The pose of the dancer at the given timestamp corresponds to a letter in the Dancing Men cipher: taking the letters in the order given spells the answer **GAWKER**. Congratulations to CoyoteCreed, Lewis Chen, and Moor Xu who were the first three to submit the correct answer to last week's puzzle on our website.

This column is the fifth in our ongoing series. When you think you know the answer, submit it on our website (<http://puzzle.berkeley.edu>).
