Sophomore Class Meeting.
President Miller has called a meeting of the class of 1900, to be held in North Hall at 3:45 p. m., Tuesday.
Walter D. Mansfield, a U. C. graduate and President of the San Francisco Fly Casting Club, on Saturday established a new world's record in the long-distance fly-casting championship. Mansfield cast 1114 feet, beating the world's record of 1094 feet, which has stood seven years. The event took place under the auspices of the Chicago Fly-Casting Club.
The reports of the Inter-Collegiate Rifle Contest have been delayed owing to the disappearance of the record keeper. Those reports received, which are at present in an armory, show that California leads.

NEW ATHLETIC MATERIAL.

Freshmen Strengthen the Track and Gridiron.

The opinion among the athletic managers is that the incoming Freshman Class will bring with it some magnificent additions to the Track and Football Teams.
The most prominent among them are:
Gutherson. Weighs 218 pounds. Height, 6 feet 5 1/2 inches. He has developed some ability with the shot but has done no work on the gridiron.
Lanyon. Has captained the Oakland High School, and played on the Reliance football and baseball teams for the past two years.
Craig, of the Oakland High. Weighs 180 pounds. Plays guard.
Walsh, of the Lowell High. Pronounced as good a walker as Griffin.
Cooley, of the Oakland High. Jumped 5 feet 8 inches in the last Academic Field Day, and has done good work in the broad.
Goshen, of Ukiah. Comes with reputation as a strong distance runner.
Lipman, of Hoatts. Has done good work as a sprinter.
Tolman. Weight, 180 pounds. Plays fullback and was Captain of the Pomona College Team.
McCabe. Half-back on the Oakland High School Team.
Pringle. Weight, 180 pounds. Played both tackle and guard at Boone's Academy.
Kern, of Visalia. Played half on the Visalia High School Team. Has pitched on the Visalia Baseball Team.

Valuable Manuscripts Presented to the Library.

The most notable single collection ever added to the University's literary treasures has been received at the Library from Collis P. Huntington, as donor. The acquisition, the result of thirty years labor of Col. J. L. L. T. Warren, of the California Farmer, and R. E. Cowan of San Francisco, consists of California manuscripts. It is second only in the value of its California history, to the famous Bancroft collection, and in some respects is superior.
There are in it 1,200 pages of manuscript and 4,000 separate documents written in California between 1782 and 1849. These manuscripts, in Spanish, mainly include the official proclamations, manifestos and private letters, signed by the governors of California. There are the signatures and rubrics of all but three of the chief executives from Puges, in 1782, to the last Pico. Numerous diaries of exploration, colonization and subjugation of Indians, and papers relating to the Russian settlement at Fort Ross, and the annual reports of all the missions for 1786 are well preserved.
Of especial interest is the Second Mission Book of San Diego, with entries extending from 1777 to 1794, chiefly in the hand of Padre Fermín de Lasuen. Equally interesting is the diary of Padre Pedro Font, while traveling from Sonora, Mexico, to Monterey, in 1775-76. Seventy confidential letters, in 1833-35, of General Vallejo, have been collected.

Putantne Qui Ante Nos?

What are the old "grads" thinking? The fellows of long ago, with anxious sleep and slow plagues by Sophomore fun, Leave the President's greeting--their college life begun.
I wonder whether in business, in college, church or state
The old "grad's" mind recalleth the ever memorable date,
When, with card of admission, after paying toll,
He left the secretary's office and signed the college roll.
Is it no more than fancy?--a rhymer's empty theme,
That the fellows of by-gone classes ever love to dream,
Of their first time on the campus, of their jokes on North Hall steps,
Of their tussles with the Sophomores just after they were "preps."
That every old Berkeleyan, and every U. C. man
Recalls with heightened pleasure, as years go rolling on
The first few days of college, the first sight of the "prois,"
The first formed college friendship, and the big rush with the Sophs.
It may be so--but I think not--for were that a fellow could come to Berkeley, Could take through life her name, And yet be quite forgetful, when August passes by,
His first days as a Freshman in this University.
Then let us believe it fully, at this opening of the year,
That the "grads" of Berkeley college, have their thoughts all centered here,
And recalling the hard fought victories over Stanford and the rest, They are looking up to us boys, to do our level best.
So with their benediction upon all we hope to do,
Let the struggle be a brave 'one, to push each effort through--
For however we may wish, boys, to uphold the Gold and Blue
Should we not always remember that the "grads" are wishing too?
--C. E. FEYER, '99.

Is it no more than fancy?--a rhymer's empty theme,
That the fellows of by-gone classes ever love to dream,
Of their first time on the campus, of their jokes on North Hall steps,
Of their tussles with the Sophomores just after they were "preps."
That every old Berkeleyan, and every U. C. man
Recalls with heightened pleasure, as years go rolling on
The first few days of college, the first sight of the "prois,"
The first formed college friendship, and the big rush with the Sophs.
It may be so--but I think not--for were that a fellow could come to Berkeley, Could take through life her name, And yet be quite forgetful, when August passes by,
His first days as a Freshman in this University.
Then let us believe it fully, at this opening of the year,
That the "grads" of Berkeley college, have their thoughts all centered here,
And recalling the hard fought victories over Stanford and the rest, They are looking up to us boys, to do our level best.
So with their benediction upon all we hope to do,
Let the struggle be a brave 'one, to push each effort through--
For however we may wish, boys, to uphold the Gold and Blue
Should we not always remember that the "grads" are wishing too?
--C. E. FEYER, '99.

Putantne Qui Ante Nos?

What are the old "grads" thinking? The fellows of long ago, with anxious sleep and slow plagues by Sophomore fun, Leave the President's greeting--their college life begun.
I wonder whether in business, in college, church or state
The old "grad's" mind recalleth the ever memorable date,
When, with card of admission, after paying toll,
He left the secretary's office and signed the college roll.

THE CALIFORNIAN.
 In presenting this, the first number of the CALIFORNIAN, to the students, the editors wish to make a few statements as to its policy. We shall endeavor to represent the student body of the University in an impartial manner, not favoring one clique any more than another. We intend to print all the news of interest to people connected with California. This can be much facilitated by the co-operation of all students and professors alike, in sending to our office everything of interest. As soon as practicable the CALIFORNIAN will be issued five times a week, but at present it will appear as the Berkeleyan did—four times a week.

To those who wish to try for positions on the paper, we would say that promotions will be governed entirely by merit, regardless of clique or fraternity. We further ask that the interest of the student body be made manifest both by subscriptions and by sending in news to us. At an early date the stock books of the company will be opened to the student body so that any student may become a member of the company for a moderate sum.

The Students' Hour.
 The question of allowing the students one hour during the week for the consideration of college affairs, came before the Faculty Friday afternoon. After considerable discussion the matter was postponed for the present.
 Bristol '08 has been elected manager of the Students' Aid Society. The Directors are Prof. Basing, E. Lyman Hood, Mrs. Bradley and Dr. Greenleaf.

Department News.
 This year, for the first time, the Chemical Seminary for graduates will be opened.
 The idea of lighting the University by electric power developed at the College of Mechanics has been abandoned.
 There are to be about 100 Farmers' Institute, under the supervision of Professor Wickson, conducted throughout the State this year.
 Five hundred dollars is to be expended on a library for the next course in Arabic literature and philology.
 The English Department Library has just received 212 volumes of the Mermaid series of best English Plays.
 The Maharajah of Poygore has presented to the Department of Industrial Drawing, 500 plates of the famous Poygore architectural designs.
 The new College of Agriculture will be ready for occupancy by September 15th, and the Gymnasium by September 1st.
 There will be no courses given in laboratory psychology this term, past announcement of courses notwithstanding.
 The new Buildings.
 The Psychological Laboratory building will not be completed till the beginning of next term.
 Just south of the Library there will immediately be erected a building costing \$6,500, for the Botanical Department.
 The contract for the erection of a Class Room Building will be awarded today by the Board of Regents.

Changes in the Co-Op.
 The Co-operative Store has been changed from its old quarters in the northern basement of North Hall to the spacious rooms in the southern end of the same building. The arrangements of the stock and appointment to receive buyers have been so constructed that the best service will be presented to patrons.
 There have been added for the convenience of the students several new lines of goods. It is now possible that gymnast suits, for both men and women, be purchased with the manufacturer, without the intervention of San Francisco middlemen, as in the past.
 Another novelty is the stationary, stamped with the arms and heraldic bearings of the University.
 The Co-operative Society, made up of the Student Body of the University, has for its object the supplying of books and material to its members at least cost. An exhibition of the popularity of the institution is that it did a business of \$30,000 last year.
 Yearly membership, \$1; life membership, \$2.50.
 Lieutenant Clomath has officially announced that Juniors will not be excused from drill.
 Prof. Putzker is preparing a most elaborate program for the first meeting of the Longfellow Memorial Association.
 The recent commendation on Prof. Leuschner's thesis, "Astronomical Photography," when taking his doctor's degree after but one year's study, was "testimonium academicum insignis."
 Pianos to rent. Sherman, Clay & Co., Thirteenth and Broadway, Oakland.

ENGAGED.
 Byron Rutley, the fashionable tailor on Washington street, near the City Hall, Oakland is reported as being engaged; that is, very busily engaged in making up fine suits at greatly reduced prices.
 Fine business suits for the next few days at twenty-five dollars.
 These are genuine bargains, and parties in need of anything in that line will do well to call and examine them.
 David McWade '97, Instructor Notch, and Professor Bacon, the committee appointed by the Athletic Association to draft a new constitution, meet tonight to arrange their report in its final form.
